Customers served under this Rider who relocate during their five-year term to another location within the Downtown Area will continue to be billed per this Rider. However, a given customer can use the Rider only once, and there shall be no extension of the five-year term of the Rider.

Customers who relocate within the Downtown Area and at the time of their relocation were not billed per this Rider may be billed per this Rider upon the establishment of their new electric service location. Furthermore, existing customers within the Downtown Area who expand into, or otherwise assume responsibility for the electric service of a vacant commercial space *within* the Downtown Area may be billed per this Rider for the electric service to this previously vacant

commercial space so long as it is separately metered and billed. Vacant commercial spaces that are combined into the electric service of existing customers who are not eligible for the Rider will not be billed per this Rider.

CONTINUING QUALIFICATIONS:
