TOWN COUNCIL MEETING

JUNE 28, 1994

6:00 P.M.

A regular meeting of the Wallingford Town Council was held on Tuesday, June 28, 1994 in the Robert Earley Auditorium of the Wallingford Town Hall and called to Order by Chairman Thomas D. Solinsky at 6:13 P.M. All Councilors answered present to the Roll called by Town Clerk Kathryn J. Wall with the exception of Mr. Gouveia who arrived during the executive session and Ms. Papale who arrived at 6:14 P.M. Mayor William W. Dickinson, Jr. arrived during the executive session as did Corporation Counselor Adam Mantzaris. Town Attorney Janis M. Small took her seat at 9:45 P.M. Comptroller Thomas A. Myers arrived at 7:30 P.M.

The Pledge of Allegiance was given to the Flag.

ITEM #2 Executive Session Pursuant to Section 1-18a(e)(1) of the CT. General Statutes Regarding the Appointment of a Public Officer or Employee - Interview Pension Commission Appointee; Interview Board of Ethics Appointees

Motion was made by Mrs. Duryea to Enter Into Executive Session, seconded by Mr. Killen.

VOTE: Gouveia was absent; all others, aye; motion duly carried.

Motion was made by Mrs. Duryea to Exit the Executive Session, seconded by Mr. Killen.

VOTE: All ayes; motion duly carried.

ITEM #3 Executive Session Pursuant to Section 1-18a(e)(2) of the CT. General Statutes Regarding Strategy and Negotiations with Respect to Pending Workers Compensation Claim of Cynthia Winer Against the Town of Wallingford

Motion was made by Mrs. Duryea to Enter Into the Executive Session, seconded by Mr. Killen.

VOTE: All ayes; motion duly carried.

Motion was made by Mrs. Duryea to Exit the Executive Session, seconded by Mr. Killen.

VOTE: All ayes; motion duly carried.

WAIVER OF RULE V Motion was made by Mr. Killen to Waive Rule V of the Town Council Meeting Procedures for the Purpose of Settling a Claim, seconded by Mrs. Duryea.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Killen that the Town Council Authorizes the

June 28, 1994

Town Attorney's Office to Settle a Claim with Cynthia Winer Against the Town of Wallingford in the Amount of \$75,000., seconded by Mr. Rys.

VOTE: Duryea, no; all others, aye; motion duly carried.

ITEM #4 Consider and Approve the Confirmation of a Mayoral Appointment to the Pension Board for a Term of Six (6) Years to Expire 12/31/99 - Mayor's Office

Motion was made by Mrs. Duryea to Confirm the Re-Appointment of William Farrell to the Pension Board, seconded by Mr. Zappala.

VOTE: All ayes; motion duly carried.

ITEM #5 Consider and Approve the Confirmation of Mayoral Appointments to the Board of Ethics for a Term of Three (3) Years to Expire 3/1/97 - Mayor's Office

Motion was made by Mrs. Duryea to Approve the Re-Appointment of Rev. Lawrence Dunlop as a Regular Member of the Board of Ethics and the Re-Appointment of Mary Conant as an Alternate on the Board of Ethics, seconded by Mr. Rys.

VOTE: Zandri passed, all others, aye; motion duly carried.

ITEM #6 Consider and Approve Merit Increases (5) Approved by the Mayor

Motion was made by Mrs. Duryea, seconded by Mr. Zappala.

VOTE: All ayes; motion duly carried.

ITEM #7 Consider and Approve a Waiver of Bid for the Special Police Employee Assistance Plan - Personnel

Motion was made by Mrs. Duryea, seconded by Mr. Knight.

Tom Sharkey, Acting Personnel Director, explained to the Council that this employee assistance plan is different than most in the sense that a stress team is available to the police department to deal with officers exposed to specific circumstances encountered in their profession which the average worker would not experience. Not only does the specialized team work with the officers, dispatchers, clerical staff of the department but also with their respective families should they require assistance as well. This POST (police officer stress team) program has provided such service to the department for many years. The company was so confident that their program would be well-received by the department that they offered their services at no cost to the Town the first year. The cost of the program is \$2,250 for the year which computes to approximately \$25 per year per individual. The price has remained the same for the past three years and the department is extremely pleased with it.

VOTE: All ayes; motion duly carried.

June 28, 1994

ITEM #8 Consider and Approve a Transfer of Funds in the Amount of \$451 from Utilities Acct. #001-5030-200-2010 - Dept. of Public Works

Motion was made by Mrs. Duryea, seconded by Mr. Zappala.

VOTE: Killen and Zandri, no; all others, aye; motion duly carried.

ITEM #9 Consider and Approve a Transfer of Funds in the Amount of \$2,200 from Utilities Acct. #001-5050-200-2010 and \$4,531 from Utilities Acct. #001-5140-200-2010 for a Total of \$6,731 to Police Station Fence Acct. #001-5030-999-9962 - Dept. of Public Works

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

Henry McCully, Director of Public Works explained that this fence will replace the current snow fencing that is installed around the perimeter of the new parking area behind the police department.

Mr. Zappala asked if there will be a gate or exit onto Academy Street?

Mr. McCully responded that a twelve foot gate will be installed for emergency access to Academy Street. The Town has an easement which will allow the gate to be installed.

John Wooding, Academy Street urged the Council to approve the new fence so that the existing fence, which he has been maintaining on occasion, could be replaced with something more permanent.

Frank Wasilewski, 47 N. Orchard Street felt that the installation of a chain link fence will not enhance the property values or aesthetics in that area. He was of the opinion that a better looking fence could be installed.

VOTE: Killen, Zandri and Zappala, no; all others, aye; motion duly carried.

ITEM #10 Consider and Approve a Transfer of Funds in the Amount of \$100 from Printing Acct. #001-7011-400-4180 to Transportation of Environmental Planner Acct. #001-7011-300-3200 - Inland Wetlands Office

Motion was made by Mrs. Duryea, seconded by Mr. Knight.

Mr. Knight asked Brent Smith, Environmental Planner, how many miles he travels over the course of a year in this job?

Mr. Smith responded that he has only recently began tracking mileage due to the change in reporting transportation to the Finance Department based on IRS regulations. He will have statistics in approximately twelve months.

Mr. Zandri asked Mr. Smith what business does Mr. Smith conduct which constitutes the mileage reimbursement?

June 28, 1994

Mr. Smith explained that he visits many sites on a daily basis in conjunction with his job.

Mr. Zandri asked if a pool car is available to Mr. Smith?

Mayor Dickinson responded that many of the sites visited by Mr. Smith warrants the use of a four wheel drive vehicle. Many areas are under development and could prove to be hazardous to a pool car.

Mr. Zandri asked if Public Works has any four wheel drive vehicles available for Mr. Smith's use?

Mr. McCully explained that the Superintendent of Public Works has one and there are two older vehicles in the department used to haul equipment and on the Town ball fields.

Mr. Zandri recommended that as the Public Works vehicles age and are no longer of use to the Public Works Department perhaps one can be saved for the Environmental Planner.

VOTE: Killen and Zandri, no; all others, aye; motion duly carried.

ITEM #18 PUBLIC HEARING on a Proposed Vending Ordinance

Motion was made by Mrs. Duryea, seconded by Mr. Killen.

Since this issue is being discussed at a public hearing the audience was asked to come forward with their comments prior to discussion on the part of the Council on this issue.

Frank Wasilewski, 57 N. Orchard Street felt that it was a good ordinance and urged the Council to vote yes.

Richard McGrath, New Haven Register Management asked if the fee applies to paper carriers?

Mr. Gouveia stated that it was the overall view of the Ordinance Committee to protect the local businessman/woman who sells newspapers at their place of business.

Mr. McGrath stated that this is a capitalistic country and hoped it remained that way. He would like to see discussion take place on this issue prior to voting.

Mr. Solinsky asked if a permit will be required for each paper carrier?

Attorney Mantzaris responded, every "hawker" must pay a fee of \$250 to sell their merchandise.

Mr. McGrath commented that the sale of newspapers by youths is a long standing tradition and it is an exorbitant cost to impose upon the paper or carrier.

Mr. Rys informed everyone that a problem has been brought to the

June 28, 1994

attention of the ordinance committee in which peddlers are located at and are running out into intersections to sell newspapers to cars while waiting for traffic signals. It has become a public safety issue. We cannot allow some vendors to peddle from intersections and not others. The ordinance, as proposed, prohibits the sale of goods by hawkers or peddlers within 500' of an intersection.

Mike Martindale, South Turnpike Road stated that other towns do not charge veterans for permits such as this. He currently operates a hot dog cart across from the open air market on South Turnpike Road. He feels that the permit fee is too high for the small businessman. In reference to section 4f. Mr. Martindale stated that many coffee wagon-type vendors visit various work locations early in the morning as well as during third shift hours. How will this ordinance effect them? The 8:00 a.m. to 7:00 p.m. restriction will prohibit those coffee wagons from selling to early morning work crews.

Eleanor Durgan, 36 Kingsland Avenue felt that this ordinance would be helping the big corporations and hindering the "little guy" (applause).

Diana Hotchkiss, 38 Clifton Street, commented that everyone should have the right to purchase their newspapers from what ever location they choose whether it be a vending box or carrier. Children and people, however, should never be harassed to purchase a paper. She related a story to the Council in which her eleven year old daughter was approached by a Hartford Courant newspaper carrier asking her to purchase a paper. When she refused he was persistent in his request. Mrs. Hotchkiss was upset with the incident. She was familiar with the history of how this proposed ordinance came to light.

Local florists had complained about the street vendors appearing on the most profitable days of the year for florists, i.e., Valentine's Day; Mother's Day; Easter, to sell flowers. These vendors were granted a one year permit for a fee of \$25.00. The local businessman argued that they have overhead costs such as insurance, state sales tax fees, advertising, etc. to contend with while the street vendors appear for one to three days and are gone. Those individuals do not pay insurance nor state sales tax fees.

Mrs. Hotchkiss was of the opinion that the it is too broad a subject that the committee is trying to address in the proposed ordinance.

Mr. Gouveia, Chairman of the Ordinance Committee stated that the process of reviewing this ordinance has been ongoing for the past one and one-half years. A great deal of time has been expended by many people on reviewing it and it is a subject not taken lightly by the committee. The intent is to regulate and restrict hawkers not prohibit them from selling their goods. A lot of calls have been received by the committee members by people complaining about the Hartford Courant hawkers selling Sunday newspapers at half the cost of the newsstand price.

Mr. Solinsky, in reviewing section 2g., suggested that the words, "Board of Education" be eliminated and replaced with the words,

June 28, 1994

"school".

Mr. Gouveia stated that he has received calls, as well as the other committee members, regarding tag sales and open air markets. He asked Corporation Counselor Adam Mantzaris to author language which speaks to the exemption of such sales. The intent of the ordinance is to cover the person on the move from place to place.

Mr. Solinsky stated that open air markets are not permitted. The reason that the one on South Turnpike Road exists is due to the fact that his business has existed prior to Planning & Zoning rules and regulations pertaining to them. He asked if section 4d is necessary?

Mr. Gouveia explained that it follows suit with State Statute and prevents farmers from selling at stands all over town.

Atty. Mantzaris informed Mr. Solinsky that the same language exists in our current ordinance. In order to maintain continuity with regards to exemption it is safer to include the language in this ordinance.

In reference to Section 2i, Mr. Killen felt that language should be added to cover the local fire department fund raisers.

Atty. Mantzaris will draft language to the effect that will address any volunteer public safety organization.

In reference to Section 3a, as the ordinance is proposed all newspaper vending machines will be subjected to the \$250 permit fee each year.

Ms. Papale felt that the newspaper vending machines should be excluded.

Mrs. Hotchkiss explained that the fee will be passed onto the carrier responsible for each vending box. Some machines are stocked with as few as six or seven papers, some of which are stolen half the time.

Mr. Zandri asked if a newspaper vending machine can be placed in any location?

Atty. Mantzaris responded, permission must be obtained prior from the owner of the property prior to placing the vending machine.

Mr. Gouveia felt that the \$250 permit fee was too high for vending machines and suggested that the fee be revised to \$50.

Mr. Knight commented that a fee should be charged for the newspaper vending machines for if there were no restrictions placed upon them they would be placed all over the town. By charging a fee per machine it forces the newspaper to place the machines in the most lucrative locations.

Discussion continued at great length on this issue.

The following revisions were recommended and voted upon:

June 28, 1994

Motion was made by Mr. Gouveia to Amend Section 3a by Changing subsection (2) to (3) and adding the language, "the fee for newspaper vending machines will be \$75.00", seconded by Mr. Rys.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Rys to Add the Words, "sponsored by local government" following the words, "...bazaars held or sponsored by..", seconded by Mrs. Duryea.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Zappala to Amend Section 2g by Removing the Words, "approved by the Board of Education" and Replace with "approved by the school". Seconded by Mr. Killen.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Rys to Add Section 2j. to the Ordinance to Read as Follows: "Sales of goods, wares, merchandise through the means of so-called tag sales by the owner of property by which such sales takes place". Seconded by Mr. Gouveia.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Killen to Amend Section 3c of the Ordinance by Adding the Following Language to the End of the Section, "Mayor shall appoint such hearing officer". Seconded by Mrs. Duryea.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Gouveia to Amend Section 4g by Eliminating the Words, "701 Center Street", seconded by Mr. Knight.

The reason for this amendment is due to the fact that the recreation department may relocate its offices at some point in the future.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Gouveia to Amend Section 4c of the Ordinance by Changing the Time from 4:00 P.M. to 3:00 P.M., seconded by Mr. Knight.

VOTE: All ayes; motion duly carried.

Motion was made by Mr. Rys to Eliminate the Words, "Firm or Corporation" from Section 3, paragraph 1; Section 4i and Section 7, seconded by Mrs. Duryea.

Atty. Mantzaris recommended this revision to clean up the ordinance. The definition of person includes firm or corporation, therefore it is not necessary to repeat the language in all of the above-mentioned sections.

VOTE: All ayes; motion duly carried.

June 28, 1994

Motion was made by Mrs. Duryea to Approve the Ordinance as Amended, seconded by Mr. Rys.

VOTE: All ayes; motion duly carried.

The Chair declared a fifteen minute recess at this point.

ITEM #19 PUBLIC HEARING to Approve a List of Municipal Projects to be Submitted to the State of Connecticut Under the Neighborhood Assistance Program

Motion was made by Mrs. Duryea to Approve the List and Append a Copy of the Resolution to the Town Council Minutes, seconded by Mr. Rys.

Mr. Gouveia stated, the total of the request is \$1,234,000., from past experience how much of that money do we really receive?

Don Roe, Program Planner responded, his guess is that the agencies on our list probably receive a total of \$25,000 - \$50,000. In the case of some of the projects, some are considered multi-year capital. There may have been a one-time commitment by companies of a large size to those type of projects. The average is between the \$25,000 and \$50,000 mark on a yearly basis.

Mr. Gouveia asked, of the money that the agencies receive, how much goes directly to the people whom they are supposed to help and how much to administrative costs?

Mr. Roe answered, it depends on the program and the agency. We don't monitor that. We are a conduit for this information being passed from the not-for-profits to the State. We view this as a decision by private entities to make corporate donations to programs.

Mr. Gouveia stated, non-profit agencies receive grants from private businesses. In return, private businesses receive a tax break. Is it a one-for-one?

Mr. Roe commented, no, it is not. For every dollar diverted from the State tax coffers it is not a one dollar credit. It depends on the program. The State values certain programs more than others. The percentages are based on that. He was not positive but he thought the highest amount returned was 80%.

VOTE: All ayes; motion duly carried.

PUBLIC QUESTION AND ANSWER PERIOD

Tim Cronin, 47 S. Ridgeland Road spoke to the issue of pedestrians leashing their dogs while walking them. An article appeared in the Record Journal recently regarding this matter. He ordered a book for the Council to review entitled, "Dog Problems, the gentle, modern cure". This book states that the bulk of dog problems arise from dogs being too confined and on leashes. The more the dog is allowed to be free of confinement the more normal the dog is. He hoped that the

June 28, 1994

Council will review the reading material and that the Ordinance Committee gives this issue much consideration and review before taking any action.

Amil Lawrence, 1149 S. Curtis Street complained about his motor vehicle assessment received this year. For two years in a row the assessment on his vehicles have increased. There is no one who personally views his car for assessed value. It is a stock car without any fancy extras.

Mr. Killen explained that the State now utilizes a manual which references by V.I.N. (vehicle identification number). By looking up the number it shows whether your car has extra options or not which add to the assessment.

Mr. Lawrence pointed out that a stock car can be sold to someone who will load extras into it. Therefore the V.I.N. system is fallible. Every year the only tax break he could count on was the motor vehicle tax. Now we will be building schools and raising taxes for that. The middle class will be moving out of this town.

Mayor Dickinson stated that the Board of Tax Review will hold an appeal process in September of this year.

Peter Belejack, 1165 S. Curtis Street echoed Mr. Lawrence's concerns and complaint.

Frank \_\_\_\_\_, 1175 Yale Avenue, stated that he received a telegram from the Town informing him that his car is worth \$400 more today than yesterday. The radio in his car "squawks", the air conditioning doesn't work and the clock gives the correct time only twice a day. The car will not pass emissions and upon having it checked by the manufacturer has found that it needs a carburetor which costs \$600, twice what the vehicle is worth. Yet, the car is worth \$400 more.

Frank Wasilewski, 57 N. Orchard Street asked, how much as 88 S. Main Street cost the taxpayers of the Town?

Mayor Dickinson could not answer the question without consulting files on the project. The property was purchased for approximately \$350,000 and the renovations were approximately \$180,000 or \$200,000.

Mr. Wasilewski asked Mr. Zandri about his motion made at the first budget workshop which would effect pay raises to the contract (non-bargaining) employees of the Town. The Council passed the motion at that time. He asked if the plan is in the budget still or did it fall out with the Mayor's veto?

Mr. Zandri responded that the motion passed. It effected non-union employees. The motion was that the non-union employees get the same percentage increase that the union receives and that one-third of that increase would be in the form of a bonus instead of being "tacked on" to salaries in an effort to try to curb the escalation of salaries in town. It only effected a small number of employees but the purpose was to set an example of what the trend is out in business today. The

June 28, 1994

motion did pass at the budget workshops. It is still in the budget.

Mr. Wasilewski asked, it goes into effect July 1, 1994?

Mr. Zandri responded, to my knowledge it does.

Mayor Dickinson stated that it has not be implemented. You would not start the year with a bonus. There was no indication as to when the bonus would be paid and there is some question as to whether or not it could be implemented. There is quite a bit more thought that has to go into it before we implement it. Typically, a bonus is paid at a year's end.

Mr. Wasilewski stated, if the Council puts it in the budget and you (Mayor) do not veto it, it has to go in the budget, right?

Mayor Dickinson answered, the money is in the budget. There are a number of factors. Some of the money is in contingency. That is not being paid at all to this point. Where it is being paid, there is a question about jurisdiction as well. The classified service and positions are under the administrative branch of government, not under the legislative. He was not informed on exactly what was passed by the Council and he is not in favor of starting the year with a bonus payment to anyone.

Mr. Wasilewski asked, if you (Mayor) do not implement what the Council passed and you don't utilize the money for the year, you will have a big surplus right?

Mayor Dickinson doubted that there would be money left over due to the fact that one way or another there would be a proposal of payment at the appropriate time. There are a number of policy questions that need to be addressed. If instituted the entire pay plan of the management level will be effected. Only four or five years ago the Town adjusted management pay levels to bring them in line with other towns. By reducing the base salary of the top management the middle management will begin to reach or surpass the top management pay grades. He was not sure a commitment exists to increase all the top salaries to reflect the responsibilities and judgement expected from those top positions. It is not a simple matter.

Mr. Zandri stated that he would place this topic of discussion on the next Town Council agenda.

ITEM #11 Consider and Approve a Transfer of Funds in the Amount of \$4,500 from Operation Labor & Expense Acct. #642-000 and \$2,000 from Labor for Maintenance/Lines Acct. #673-001 for a Total of \$6,500 to Administrative and General Expense Acct. #920-000 - Sewer Division

Motion was made by Mrs. Duryea, seconded by Mr. Knight.

VOTE: Killen and Zandri, no; all others, aye; motion duly carried.

ITEM #12a Consider and Approve a Transfer of Funds in the Amount of \$1,765 from Various Accounts Within the Department of Fire Services to

Utilities Acct. #2032-200-2010

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

VOTE: Killen and Zandri, no; all others, aye; motion duly carried.

ITEM #12b Consider and Approve a Transfer of Funds in the Amount of \$2,835 from Clerk Wages Acct. #2030-100-1300 in the 1994-95 Fiscal Year Budget to Temporary Service Account (new) #2030-900-9001 in the 1993-94 Fiscal Year Budget - Dept. of Fire Services

Motion was made by Mrs. Duryea to Create a New Account Titled, Temporary Service Acct., seconded by Mr. Rys.

Chief Lefebvre stated that the agenda was typed incorrectly and that the transfer does not reflect a transaction between fiscal years. It is meant for the 1994-95 budget which begins Friday.

Chairman Solinsky stated that the transfer form reads the same as the agenda.

Chief Lefebvre disagreed.

Town Council Secretary Kathryn Milano explained that she typed the agenda according to the way the transfer read. Typed under the line which is transferring \$2,835 from Clerk's Wages are the words "(B.Y. 1994-95)". Those words do not appear under the line showing where the funds are transferred to. Also since the transfer was being requested in the 1993-94 fiscal year she took that to mean that it was a crossover between the two fiscal years. There was no letter of explanation accompanying the transfer which gave indication otherwise.

VOTE: Knight, Papale, Rys and Solinsky, aye; all others, no; motion failed.

ITEM #12c Consider and Approve a Transfer of Funds in the Amount of \$1,800 from Physical Exams Acct. #2033-500-5760 to Maintenance of Vehicles Acct. #2031-500-5000 - Dept. of Fire Services

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

VOTE: Killen and Zandri, no; all others, aye; motion duly carried.

ITEM #13 Consider and Approve a Budget Amendment in the Amount of \$8,775 to Other Revenue - Misc. Acct. #001-1075-070-7040 and to Expenditures - Fire Apparatus - Capital Acct. #001-2032-999-9901 - Mayor's Office

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

VOTE: Killen and Zandri, no; all others, aye; motion duly carried.

ITEM #14 Consider and Approve a Transfer of Funds in the Amount of \$837 from Dog Warden Maintenance of Vehicles Acct. #001-2020-500-5000 to Dog Warden Asst. Dog Warden Salary Acct. #001-2020-100-1200 -

June 28, 1994

Animal Control Officer

Motion was made by Mrs. Duryea, seconded by Mr. Knight.

VOTE: Gouveia, Knight, Papale and Solinsky, aye; all others, no; motion failed.

ITEM #15 Consider and Approve a Transfer of Funds in the Amount of \$3,000 from Medicare Tax Acct. #8020-800-8010 to Social Security Acct. #8020-800-8000 - Personnel Dept.

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

VOTE: Killen and Zandri, no; all others, aye; motion duly carried.

Mayor Dickinson at this time pointed out that item #14 was the item previously discussed with the Council to correct the return of money to the personnel in the Dog Warden's office. He asked why it did not pass?

Mrs. Duryea stated that she did not vote for it due to the fact that there was no back-up information provided on the item, no letter or explanation as required, just the transfer form, therefore she would not pass it. The Council has procedures to follow.

ITEM #16 Approve and Accept the Minutes of 6/14/94 Town Council Meeting; 6/21/94 Special Town Council Meeting; 6/21/94 Emergency Town Council Meeting and 6/21/94 Emergency Town Council Meeting

Mr. Solinsky requested that the minutes of the 6/21/94 Emergency Town Council Meeting be withdrawn.

Motion was made by Mrs. Duryea to Approve the Minutes of the 6/14/94 Town Council Meeting as amended, seconded by Mr. Rys.

Mr. Killen asked why the minutes are being amended.

Mr. Solinsky stated that a few items in the minutes, one being that Mr. Solinsky abstained from voting on the blanket purchase orders bid list and the minutes failed to state why he abstained (page 33).

The other item is discussion regarding comments about personnel absent from the Town Council Meeting and there was mention of contact with them that was not pertinent to the minutes.

Mr. Killen stated, that discussion did take place.

Mr. Solinsky stated, it was not action. It was just mentioned.

Mr. Killen responded, if it was something that appeared in the minutes then it was something that occurred and was recorded.

Mr. Solinsky stated, it did not necessarily occur as part of the meeting. It was comments made. The motions are in the minutes.

Mr. Killen could not approve deleting something that was recorded as part of the minutes. You can run into problems with F.O.I.

Mr. Solinsky responded, it was comments made about personnel and they were not present to refute them if there were to be any refuting. He therefore did not feel it was pertinent to leave them in the minutes.

Mr. Killen argued, if it took place at a meeting and it is recorded and you are now trying to delete them, you are fooling around with the minutes.

Mr. Gouveia suggested, why not move to approve the amendment first then vote on the minutes as amended.

Mr. Solinsky requested a vote on the June 14th Minutes as Amended.

Mr. Killen and Mr. Gouveia stated that a vote must be taken first on the amendment. The action taken to amend the minutes must be identified first and voted upon before voting upon the minutes as amended.

Mr. Solinsky directed Mrs. Duryea to Move that the Minutes of June 14, 1994 be Approved as Amended.

There was not second to the motion.

Motion was made by Mrs. Duryea to Approve the Minutes of the 6/21/94 Special Town Council Meeting, seconded by Mr. Gouveia.

VOTE: Killen, Papale and Zandri abstained due to their absence from the meeting; all others, aye; motion duly carried.

Motion was made by Mrs. Duryea to Approve and Accept the Minutes of the 6/22/94 Emergency Town Council Meeting, seconded by Mr. Gouveia.

VOTE: Killen and Zandri abstained due to their absence from the meeting, all others, aye; motion duly carried.

ITEM #20 Report Out on the Status and Possible Action With Regards to the School Expansion Project

Motion was made by Mr. Zandri to Authorize the Building Committee to Proceed with Plans and Specifications Presented in Scheme B Approved by the Board of Education, seconded by Mr. Gouveia.

Don Harwood, Chairman of the School Expansion Building Committee brought the Council up to date on the progress of the committee to this point.

Mr. Harwood extended thanks to the core committee members for their support and time given in this project.

Currently the committee is in the schematic design phase of the project. The target date for occupancy is July of 1996. The Board of Education endorsed scheme A, Yalesville School design and scheme B associated with the middle schools. Between the two schemes Yalesville School remained constant. When looking at the bottom line dollar amount in the project budget, that represents the best cost estimates that can be developed at this stage of the project, Mr. Harwood stated. The estimated construction cost numbers will begin to be honed in upon over the next couple months if the committee moves forward towards design development.

In reference to re-roofing of existing building, Mr. Harwood explained that the "hard cost" of this item was included in this budget even though dollars have been allocated in previous budget years to re-roof. As a result of budgeting for it this year the town can take advantage of a 52+% reimbursement from the State on that expenditure.

In reference to Land Acquisition, two parcels have been identified which may benefit the site as it is developed. One has an impact with the coordination of signal lighting and traffic control. The other has more of an impact on the site as far as wetlands and set back distances, etc. Until the committee obtains the definitives it has to budget the full amount for this item.

Contingency, of course is a variable with any construction project, stated Mr. Harwood and Debt Administration is a number allocated to the project throughout the total master control budget. That number is based on the calculation which the Comptroller provides the committee if the town has to float bonds for the project. That also can be a variable subject to change.

Mr. Zandri asked Board of Education Chairwoman, Suzanne Wright, if the Board feels that the design meets the needs at the elementary school level?

Ms. Wright responded that the Board supported the schematic design for both Yalesville and the middle school project as meeting the specifications that the Board set out in the plan.

Mr. Knight asked, how does the land acquisition divide between the two parcels? One seems to be more necessary than the other.

Mr. Harwood responded that the committee reviewed the cards in the Assessor's Office to see what they were assessed at and then backed in a number and split it by two.

Mr. Knight stated, one seems to have quite an impact on the traffic flow and the other seems to be more in line with wetlands development.

Mr. Harwood commented that the one parcel that is associated with traffic flow does not have to be done. It seems to have a potential benefit. It is a variable which will require a decision.

Mr. Knight questioned the project contingency line and asked, do any

of the actual figures have contingencies built into them?

Mr. Harwood deferred the questions regarding contingency to Chet Salit, Principal with Fletcher Thompson.

Mr. Salit explained that the project contingency budget recommended by Fletcher Thompson such as these, in effect, serve as an owner's contingency fund to reflect deviation in these budgets across any line item. The contingency budget was calculated as 10% of the overall construction costs.

Mr. Knight pointed out that a 5% inflation factor is also built in the project cost. He asked, what will become of the contingency and inflation accounts as the committee surpasses step three (design phase) of the nine steps of the project? Where, characteristically, does this go?

Mr. Salit responded that the escalation factor reflects the potential cost adjustment between today's cost and trying to anticipate what today's costs are likely to be next spring when the project is put out to bid. There is no guarantee that the 5% will end up being the actual escalation rate, but Fletcher Thompson believes that it is a reasonable estimate at this point.

Much discussion ensued regarding the contingency factors.

Mr. Zappala felt that the contingency line should be reduced by 8% and eliminate the land acquisition line item from the budget for the project. He wanted to allow for a 2% contingency.

Motion was amended by Mr. Zappala to Allow for a 2% Contingency Account and Eliminate the Land Acquisition Account of \$270,000., seconded by Mr. Zandri.

Mr. Salit stated that if the project is cut so lean it will end up tying the committee's hands and the only way for them to act should an emergency arise is to come back to the Council to look for more money.

Ms. Wright stated that the Board has tried very hard to be very straight forward about the numbers to prevent that from happening to avoid being accused of trying to hide information. She understood and appreciated Mr. Zappala's concern regarding the contingency fund, however she is reluctant to have the Council go forward unless they very clearly understand that the Board may have to come back before the Council. The Board has been criticized in the past for doing just that.

Mr. Zappala felt that the project schedule was very detailed and every cost associated with it listed, therefore the project is not in jeopardy by removing the contingency fund.

Mr. Solinsky asked the Town Clerk to read back the motions on the floor.

June 28, 1994

Ms. Wall stated that Mr. Zappala's amendment to the original motion was to eliminate the land acquisition account and reduce the contingency fund to 2%.

Mr. Zandri's original motion was to authorize the Building Committee to proceed with the plans and specifications presented in Scheme B approved by the Board of Education.

Town Clerk, Kathryn Wall, suggested that the Council vote on the amendment first and then the motion as amended.

Ms. Papale asked that Scheme B be explained.

Mr. Harwood explained that scheme B is a revision of scheme A by the committee after it re-worked the middle school option.

Mr. Solinsky asked if Mr. Zandri accepted the amendment to his original motion?

Mr. Zandri responded, yes.

Mr. Solinsky asked for one vote as part of the overall motion.

Mr. Zandri asked that it be voted upon separately.

Mr. Zappala's motion effected Yalesville School while Mr. Zandri's motion was to approve the entire package known as scheme B.

Mr. Killen stated that the motions should be voted on separately.

Mr. Zandri asked that the amendment be voted upon first.

Mr. Solinsky asked Mr. Zandri if he was willing to withdraw his motion?

Mr. Zandri responded, no. Mr. Zappala's motion regarded Yalesville School.

Mr. Solinsky stated, Mr. Zandri has a motion on the floor. If he is not accepting the amendment then the Council should vote on the motion as it stands.

Mrs. Duryea agreed.

Jon Walworth, Building Committee Member explained to Mr. Zappala, if you look at any project budget done to schematic design you will see at least a 10% contingency. If you remove contingency down to 2% you will basically leave Mr. Walworth with no other option than to go back to the Chairman of the Building Committee and tell him that 8% must be removed from the cost of the project. He would request that the Chairman make that recommendation to the Board of Education. The average cost for change orders is 5% around the world. You will be kidding yourself to think that if you take 8% out of the contingency it will simply just go away. With regards to land acquisition, we may have what appears to be a problem of safety because of one particular

June 28, 1994

situation. We want to have two more days to review the issue. It may be a serious safety problem. We have addressed it in the middle schools, regarding safety and the sight. We have not finalized our decision in the elementary schools. So to take the land acquisition away is a safety issue.

Mr. Zappala reminded Mr. Walworth that a 5% escalation factor is listed in the contract.

Mr. Knight felt that if the Council authorizes the entire project tonight they will "paint themselves into a financial corner" where there is no turning back without tremendous expense. He was in favor of the Yalesville Project and if it were on the floor by itself he could vote for it with ease but he is reluctant to do so on the entire project.

Ms. Wright urged the Council to give the Board and committee some idea of what they intend to approve for a bottom line cost for the project. It is very difficult to know where and how to proceed without any idea of what the Council is willing to approve financially. The Board realizes that the cost of this project is very high and very dear but the Council is limiting the project so much at this point by not proceeding with the middle schools. What are we going to do with them? While going forward with Yalesville is a wonderful idea, what does the Board do next? How do they correct it? Until the Board has a dollar figure of what the Town can afford, how do they make decisions surrounding how to plan for their students? How does the committee work with the Board to reduce the scope of the project when the Board has no idea as to what scope the Council is talking about? How many students should they plan for? What kind of programs are they capable of planning for in a building? The Board needs that kind of direction. If you take action tonight to only approve Yalesville School you need also to take an action to say that "X" amount of dollars are available to the Board in terms of the middle school project to address your needs. She felt that no one present that evening could say how much money is available or how much the Town can afford until the Council knows how many dollars per square foot it will cost, how many dollars per computer it will cost, how many dollars per desk and chair it will cost. When you know those things you can say very clearly to the Board of Education that the project in its entirety is too large and that we can't afford a budget for our Town which raises the mill rate up to a certain degree and it is your (the Board of Education's) responsibility now to prioritize and make the decisions about the school system and what is in the best interest of the students. Just like the Board of Education's budget, the Council tells the Board what the Town can afford and then it becomes the Board's responsibility to work with those figures. No one is asking the Council to approve the project at any cost. The Board refused to approve the schematic design a month ago because the Building Committee did not have specific costs. We need to have definitive answers which you cannot obtain until you go through the design phase and obtain clearer answers, until you go through the bid phase and get very specific answers. The Board is happy to prioritize for the Council and understands that some very difficult decisions will need to be made but give the Board some facts to make those decisions with (applause).

Mr. Zappala did not feel that a "cap" was being placed on the project. He stated that no matter what the price of the project is, it will raise taxes. He wanted to see a maximum amount stated as to what the Town can afford for the project. He felt that the projects should be separated that way more people could potentially bid on it.

Mr. Zandri referred to Mr. Zappala's statement that taxes will increase in order to fund this project. He responded, taxes are not the only way to finance this project. There are dollars available in this Town which can be utilized to help finance this project. It is whether or not you have the proper business plan as to how much taxes will go up. Yes, you can fund this project entirely with taxes if you so choose, but we do have alternatives and it is the Council's decision as to which way they feel is the best way to finance the project to limit the burden on the taxpayers of the Town. That argument will come when the dollar amount is before the Council and it is determined what is the best way to finance the needs of the Board to educate our children. Then he will find a way to finance the project we need to make sure our children are educated properly in this community (applause).

Tim Cronin, 47 S. Ridgeland Road implored the Council to listen to Ms. Papale and Mr. Knight and split the projects for separate votes. The Board of Education has been historically irresponsible with the Town finances and they dump it on the Council each time.

Dave Canto, 4 Meadows Edge Drive agreed that the projects should be separated for schedule reasons and also due to the fact that many questions remain unanswered regarding the middle school projects.

Dr. Cirasuolo spoke to the middle school portion of the project by stating, if we don't do something about the middle schools we will be faced with very serious problems. If you accept the projections that tell you the elementary schools are overcrowded, they are based on six years more of children who are not born yet than the middle school projections. The middle school projections are twice as reliable as the elementary school projections. The concern about voting yes on the middle school portion is that it may not be needed. If you think that Yalesville is needed, how can you say that the middle school portion is not needed? You have the figures before you. An overcrowded elementary school presents a number of educational problems such as the same educational problems as well as a whole myriad of student discipline problems. Think about middle school-aged children in an overcrowded situation, twelve, thirteen, fourteen, fifteen-year-olds as opposed to elementary school children aged five, six, seven, eight, nine years of age. The Town will have middle schools famous for their discipline problems if we allow them to go up to 465 more children than can be fitted there. If the concern is public acceptance, if there is an agreement that what is needed but may not be accepted by the public, we need to harken back to a few years ago when no one thought we would be having this discussion. If we cut ourselves off now, if we think it is needed, before we get costs, before we can get an opportunity to talk about all these things, to say that we are not going to do anything about the middle schools right now, is a major problem that we are going to be facing.

June 28, 1994

The reality is there, those children are there and will be coming to the middle schools and we don't have the room for them (applause).

Donna Cassella, 14 Anderson Road, Vice President of the Liaison Committee for P.T.O.s and P.T.A.s for the Town of Wallingford, is employed at an elementary school with Chapter I children. She stated that she has worked with the children in hallways. Yalesville is not an option to discuss, it is a necessity. Pond Hill School increased by sixty (60) students this year. That equates to two classes. We have two portable classrooms currently. She asked, how much are we paying per year for portables? We sat and listened that Rock Hill School will be getting a portable which will cost nearly \$50,000 to install it. If we are concerned about financing and dollars, let's remember how much we are putting into portables on these schools. No one is more critical of the Board of Education than the parents of this Town for they want the best education for their children. She commended Mrs. Wright in her position of Chairperson, stating that Mrs. Wright is the best person for the position as far as Ms. Cassella was concerned. Mrs. Wright does not give away any Town money and the parent organizations argue with her constantly. As far as the Board of Education she felt that they were doing a wonderful job. Dr. Cirasuolo has worked very closely with the parents to help them understand the position of the Council on this issue. It is an injustice to the Building Committee to insinuate that they have been lax in their duties of not scrutinizing the costs. On behalf of the parents in the Town, who are also taxpayers, Ms. Cassella stated that they do not wish to spend any more money than they have to to educate our children properly. She urged the Council not to split the middle school project from Yalesville School, the parents do not want the middle school project lost and find portables at the middle schools. Again, she commended the Board for their wonderful work (applause).

Edward Mik, 26 New Place Street, Building Committee Member, reminded everyone of the meeting between the Council, Board of Education and Building Committee at which time Mr. Harwood asked everyone on the Council to give some thought to what the figure would be that the Council would consider the ceiling cost of the project. He urged the Council not to simply cut line items but to give the committee a number to work with so everyone can work together as a team.

Mr. Killen stated that the State Statute used to allow a municipality who paid cash for a school or paid for it within five years reimbursed the Town at the same rate as though they paid cash, is that statute still on the books?, he asked Dr. Cirasuolo.

Dr. Cirasuolo responded, I believe it is, I will check again tomorrow morning.

Mr. Killen explained, if we break down Yalesville School into a separate project and finance the project that particular way, it is very well within our means to do so, we can save a lot of dollars and produce a lot of dollars. We have completed a lot of projects in this Town that would not have been accomplished if not for a little proper financing. The dollars are there, we have short term financing and

June 28, 1994

we have cash sitting there doing absolutely nothing but gaining interest.

Ms. Papale stated, the Mayor has said from the very beginning that the project has changed so much with regards to how many rooms are needed, etc., what happened that this occurred?

Mr. Solinsky responded, everyone has already heard that information. It will not shed any new light on the subject. He asked if any other Councilors required any additional information to vote?

No one responded.

VOTE ON MR. ZANDRI'S ORIGINAL MOTION: Knight, Papale, Zappala and Solinsky, no; all others, aye; motion duly carried.

ITEM #21 Consider and Approve a Waiver of Bid for a Three Year Contract with GreenCycle for the Leaf Composting Program - Mayor's Office

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

Don Roe, Program Planner explained that the low bidder for the composting program was GreenCycle who is based not only in New England but also in the Midwest. In reviewing their alternate proposal with the Recycling Ad Hoc Committee and follow-up meetings with GreenCycle about their alternate bid, it appears as though the alternate offers benefits to the community. Benefits such so that the committee is recommending to the Council that the Town proceed and adopt that alternate proposal. It provides for a lower cost to the Town for composting while providing for an opportunity for Wallingford residents to get rid of grass clippings and brush at no charge. It also provides an opportunity to the Town to dispose of its brush collection yearly at no charge. In return, GreenCycle would be able to sell compost to commercial organizations at the site. In addition, they would, at no charge, be the user of the tub grinder which the Town is buying with the DEP recycling monies.

Mr. Gouveia asked if all the bidders were given the opportunity to submit alternate proposals?

Mr. Roe explained, with any bid there is an alternates and exceptions page.

Mr. Gouveia asked Mr. Roe to explain the difference between the on-site and off-site options.

Mr. Roe responded, the on-site option is when the vendor is provided with the site to do composting. We also have the vendor price the composting as if they were to remove the material that is brought to the site and take it elsewhere for composting. The reason the bid is structured that way is that some companies operate with their own private site and would prefer not moving equipment from one site to another but would rather bring the material to their site. The pricing was less for the off-site option.

Mr. Zappala, Ad Hoc Committee Member, recommended GreenCycle to the Council stating that the services will be very good. There is no charge for disposal of grass clippings which is not the case presently. With the purchase of a new tub grinder to chip up the brush collected from spring clean up, the Public Works Department would have to assign employees to man the equipment. With this company they would provide that service for the department. In addition, they will chip any brush or branches collected during the winter from ice storms, etc. They will also maintain the site with their personnel which will add another dimension of control over it. At the present time no one is staffed to monitor the site and many illegal dumpings occur because of that factor.

Motion was made by Mrs. Duryea to Waive the Bid and Accept the Proposal from GreenCycle for the Period of 11/1/94 to 10/31/97, seconded by Mr. Zappala.

Mr. Zandri left the meeting at 12:42 a.m.

VOTE: Zandri was absent; Killen and Solinsky, no; all others, aye; motion duly carried.

ITEM #22 Consider and Approve a Resolution Amending the Recycling Regulations - Mayor's Office

Motion was made by Mrs. Duryea to Approve the Amendment and Append a Copy of the Resolution to the Town Council Minutes, seconded by Mr. Knight.

The amendment to the resolution involves language stating that the leaves placed at the curbside for collection by the Public Works Department be placed in paper bags.

Mr. Killen pointed out that GreenCycle's bid proposal states that they will accept leaves in plastic bags which they will be responsible for emptying at the recycling center. The leaves can no longer be sent to the center and deposited there in plastic bags to remain as such.

Motion was amended by Mr. Zappala to Include the Language in the Resolution Found in GreenCycle's Proposal Which Allows Residents to Bring their Leaves to the Recycling Center In Plastic Bags and GreenCycle Would Empty the Leaves From the Bag, seconded by Ms. Papale.

VOTE: Zandri was absent; Killen and Solinsky, no; all others, aye; motion duly carried.

Items #23 & 24 were withdrawn.

ITEM #25 Consider and Approve a Transfer of Funds in the Amount of \$1,399 from Professional Liability Insurance Acct. #001-1320-800-8250 to Office Furniture Acct. #001-1320-999-9902 - Town Attorney

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

VOTE: Zandri was absent; Killen, no; all others, aye; motion duly carried.

June 28, 1994

ITEM #26 Consider and Approve a Waiver of Bid to Hire a Surveyor in Connection with an Inland Wetlands Watercourses Commission Matter - Town Attorney

Motion was made by Mrs. Duryea, seconded by Mr. Rys.

VOTE: Zandri was absent; all others, aye; motion duly carried.

WAIVER OF RULE V Motion was made by Mr. Killen to Waive Rule V of the Town Council Procedures for the Purpose of Noting on the Record His Disagreement with the Town Attorney's Opinion with Regards to the Mayoral Veto of the F.Y. 1994-95 Budget, seconded by Mrs. Duryea.

VOTE: Zandri was absent; all others, aye; motion duly carried.

Mr. Killen asked that it be noted for the record that he disagrees in this budget year with the Town Attorney's opinion with regards to the Mayoral Veto of the F.Y. 1994-95 Budget.

No Action Taken.

ITEM #14 Consider and Approve a Transfer of Funds in the Amount of \$837 from Dog Warden Maintenance of Vehicles Acct. #001-2020-500-5000 to Dog Warden Asst. Dog Warden Salary Acct. #001-2020-100-1200 - Animal Control Officer

Motion was made by Mr. Rys to Reconsider The Vote on This Item, seconded by Mr. Knight.

VOTE TO RECONSIDER: Zandri was absent; Zappala abstained, Duryea, no; all others, aye; motion duly carried.

VOTE ON TRANSFER: Zandri was absent; Zappala abstained; Duryea and Killen, no; all others, aye; motion duly carried.

Motion was made by Mr. Rys to Adjourn the Meeting, seconded by Ms. Papale.

VOTE: All present, aye; motion duly carried.

There being no further business, the meeting adjourned at 1:26 a.m.

ORDINANCE NO. 420

VENDING ORDINANCE

BE IT ENACTED BY THE TOWN COUNCIL IN SESSION:

That Ordinance #14 "An Ordinance Concerning Sales Upon Public Highways" is hereby repealed and the following ordinance is substituted in lieu thereof to be known as the Vending Ordinance.

SECTION 1. DEFINITIONS.

a. "Hawker" or "Peddler" means any person, whether principal or agent, who goes from town to town or place to place in the Town of Wallingford, including remaining in one place for periods of time, selling or bartering or carrying for sale or barter, or exposing therefor, any goods, wares or merchandise, including food and ice cream, either on foot or from any animal, vehicle, pushcart, stand or table.

b. "Vending" means the activities of a hawker or peddler.

c. "Vending Location" means the site or place where vending activities are carried out from a fixed location.

d. "Street" or "Public Highway" means the public thoroughfare and all areas within the public right of way, including tree belts, sidewalks and any area adjacent thereto up to the boundary line of any adjoining lot.

e. "Motor Vehicle" means any vehicle propelled or drawn by any power other than muscular and registered for operation on public highways by the Connecticut Motor Vehicle Department.

f. "Town" means the Town of Wallingford.

g. "Person" means an individual, firm, partnership, corporation or other legal entity engaged in vending.

SECTION 2. EXEMPTIONS.

This ordinance shall not apply to the following:

a. Sales made to dealers by commercial travelers or selling agents in the usual course of business.

b. Bona fide sales of goods, wares or merchandise by sample for future delivery when full payment is not required at the time

of solicitation.

c. Sale of goods, wares or merchandise on the grounds of any incorporated agricultural society during the continuance of any annual fair held by such society.

d. Sale of agricultural products grown on the property from which they are sold.

e. Sale, distribution and delivery of milk, teas, spices, groceries, meats and bakery goods.

f. Sales on approval or conditional sales of merchandise.

g. Sale of goods, wares or merchandise by students of the schools of the Town provided such sales have been approved by the school.

h. Sale of goods, wares or merchandise by members of organized athletic teams or groups of the Town when such sales are part of a fund raising event of the team.

i. Fairs, auctions or bazaars held or sponsored by local government, any ecclesiastical society, church corporation, nonprofit corporation or civic or fraternal organization of the Town.

j. Sales of goods, wares or merchandise through means of a tag sale, so-called, by the owner of property from which such sales take place.

SECTION 3. LICENSE REQUIRED, FEE, EXPIRATION, DISPLAY, SUSPENSION, REVOCATION, HEARING.

No person shall engage in hawking or peddling any goods, wares or merchandise, including food and ice cream, within the Town without first having obtained a license from the Chief of Police, but no such license shall be granted unless such person, firm or corporation has and maintains a Connecticut Sales and Use Tax Permit.

a. The fee schedule for licenses granted under this Ordinance shall be as follows: (1) for the sale of sundries, balloons, buttons, stuffed animals at parades or similar events: \$50.00; (2) for sales by newspaper vending machines: \$75.00; (3) for all other sales: \$250.00. A separate fee shall be required for each vehicle or cart used for vending, and where tables or boxes or other means are used for vending, a fee for each separate location

shall be required.

b. Such licenses shall expire one year after the date of issuance, unless sooner revoked.

c. The Chief of Police shall have the power to suspend or revoke the license of any hawker or peddler who violates any provision of this ordinance after notice and the power of arrest or summons of any such hawker or peddler who engages in vending without a license. Notice shall be by certified mail and receipt shall be presumed if sent to the address given in the application for such license. A hearing may be requested within ten days of the date of the postal receipt and shall be in writing and shall state the grounds for appeal. The period of suspension shall be at the discretion of the Chief of Police, but not less than fourteen (14) days for a first violation, thirty (30) days for a second violation, and for a third violation a period of revocation of not less than six (6) months. The Mayor shall appoint such hearing officer.

#### SECTION 4. REGULATIONS.

a. Vendors who conduct their business from motor vehicles on the public highways shall so operate their vehicles so as not to impede the free flow of traffic. No food or ice cream vendor who conducts his business from a motor vehicle shall sell or attempt to effect a sale of food or ice cream to any person when such person is situated or standing in the highway or street.

b. No vendor shall sell or barter or carry for sale or expose for sale or barter any goods, wares or merchandise, except for food and ice cream, in any residential zone. The vending of food or ice cream in such zones shall be from motor vehicles which may not remain in the same location for more than fifteen (15) minutes. The prohibition imposed by this Section shall be suspended during parades to allow the sale of sundries, balloons, buttons, stuffed animals and food and ice cream from non-motor vehicles along the route of the parade.

c. No food or ice cream vendor shall sell or attempt to effect the sale of his products from any vehicle during the hours of 7:00 a.m. to 3:00 p.m. on any day when school is in session at any location within 300 feet, measured in a straight line, of any public or private school.

d. Vendors who conduct their business from private property or from property of the State of Connecticut or of the Town shall present to the Chief of Police, at the time of application for such

license, a writing granting permission to use said property from the owner or owners of the such property.

e. Any signage displayed by a vendor must be a permanent and integral part of the vehicle, cart, table or container from which the vending takes place. No free standing or portable signs will be permitted.

f. Vendors of food or ice cream products must obtain the written permission of the Director of Recreation in order to sell their products in any Town park, field or recreation area.

g. No vendor shall conduct his business within 500 feet, measured in a straight line, of any established place of business in the Town offering the same or similar products or within 300 feet of any intersection or on any street where parking is prohibited. The Chief of Police may prohibit all vending from any street or any intersection for any distance if he deems such vending would constitute an extraordinary hazard to the safety of the public. The distance limitations imposed by this Section shall not apply to the sale of newspapers from coin-operated machines.

h. Vending is prohibited within areas and within one-half mile, measured in a straight line, of areas that have been temporarily set aside for festivals and special events which have been authorized pursuant to resolution of the Town Council except for persons issued a permit by the sponsor or other organizer of the festival or special event. No license shall be required of such persons.

i. The license application form shall be in duplicate, with the original to the vendor and the copy to the files of the police department, and shall include information concerning the following matters:

- (1) Name and address of applicant.
- (2) Applicant's social security number and driver's license number.
- (3) Type of vending operation to be conducted (i.e., motor vehicle, pushcart, table, stand, other).
- (4) The type of product which will be sold (i.e., food, beverages, flowers, novelties, other).
- (5) The street or streets upon which the products will be sold.

- (6) The date or dates during which vending will take place.
- (7) If vending is to take place on private or State of Connecticut or Town property, a copy of the owner's written permission shall be submitted with the application and attached to the police department's duplicate.
- (8) If food or non-prewrapped ice cream products are to be sold, a copy of the current Health Department permit shall be submitted with the application and attached to the police department's duplicate.

SECTION 5. LICENSE DISPLAY.

Each person licensed under this ordinance and his agent or employee shall, while conducting his business, display conspicuously, the sign, decal or badge issued to him by the Chief of Police.

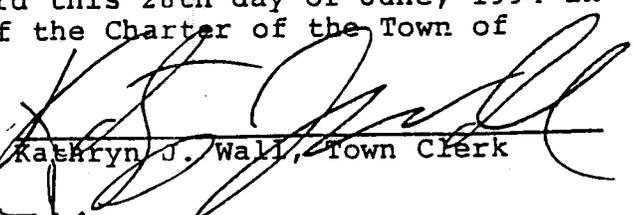

SECTION 6. GENDER.

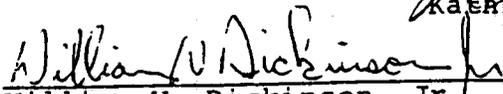

Words importing the masculine gender may be applied to females and words importing the feminine gender may be applied to males.

SECTION 7. VIOLATIONS AND PENALTIES.

Every person who shall violate any provision of this Ordinance, in addition to the suspension or revocation of a license if appropriate, shall be subject to a fine of not more than one hundred (\$100.00) dollars for each offense and when the violation consists of the act of selling, each such sale shall be a separate offense.

I HEREBY CERTIFY that this Ordinance was enacted by the Town Council of the Town of Wallingford this 28th day of June, 1994 in accordance with the provisions of the Charter of the Town of Wallingford.

William W. Dickinson, Jr., Mayor  
Town of Wallingford  
Wallingford, Connecticut 06492

Dear Mayor Dickinson:

Under the Neighborhood Assistance Program, non-profit agencies that serve Wallingford residents are eligible to receive grants from private businesses. In return, these companies receive State tax credits for those grants for eligible projects.

In accordance with the State legislation, we have solicited applications for the current round of funding. Our deadline for applications was June 3, 1994. Attached is a packet including a summary of the applications and a copy of all applications.

The legislation requires that the legislative body of a municipality hold a public hearing in order to submit a list of projects to the State for approval. I would, therefore, appreciate it if you would place this item on the Town Council agenda for the June 14, 1994, meeting and ask that the Town Council set a public hearing date for June 28, 1994, their next regular meeting.

The legislation does not impose any further requirements or restrictions on the Town except for the public hearing and approval of projects through passage of a resolution, a copy of which is attached. All projects will be the sole responsibility of those who submitted applications.

Should you have any questions or comments, please contact me.

Very truly yours,

8. PROGRAM DESCRIPTION (Do Not Forward Attachments) Persons with a disability have an opportunity soon to gain control over their lives by being able to hire and direct their own assistants with funds provided through the Medicaid system. In order to maximize their opportunity, it is necessary that a non-profit organization, dedicated to the principle of consumer empowerment, function as an intermediary for accessing the funds and assisting persons with a disability with the recruiting and training of their personal assistant. ACORD, in collaboration with Personal Services Enabling Independence (PSEI), a consumer controlled organization will ensure that personal assistance is readily available in a manner that promotes the autonomy and dignity of the individuals with a disability by training displaced workers in this service area.
9. NEED FOR PROGRAM It is estimated there are approximately 50 persons in the primary service area who would benefit from a personal assistant and approximately 60 displaced workers.

8. PROGRAM DESCRIPTION (Do Not Forward Attachments) Gaylord's Day Treatment Programs provide the services geared to individuals requiring outpatient health care. Each of the special services have been designed to meet the needs of the individual recovering from a stroke or traumatic brain injury or combating the effects of a chemical dependency or a job-related injury. The programs feature the rehabilitation team model of rebuilding the strength and confidence necessary to a life of independence. Responding to the need for managed health care cost, individuals participate in outpatient programs while remaining at home and often on the job.
9. NEED FOR PROGRAM This program offering is geared to bringing people back or keeping them in the mainstream with a level of independence that will eliminate the need for dependent care and its longterm negative impact on Connecticut.
10. FUNDS REQUIRED \$ 100,000
11. IMPLEMENTATION PLAN & TIMETABLE The Day Treatment programs are in place with plans to expand them in 1994/95. Each program service will be announced to the appropriate constituency through mailings to businesses, physicians, hospitals and managed care groups.

8. PROGRAM DESCRIPTION (Do Not Forward Attachments) We are requesting replacement of our floor in the downstairs Women/Girls Locker Room. The floor is in need of replacement for both safety and aesthetic reasons. Our increased membership over the last three years has taken it's toll in this area. The flooring has missing tiles in places and is stained. The flooring needs to be replaced to ensure the safety of mothers with infants and senior citizens who participate in Water Walking and Arthritis classes. Our custodial staff has done an excellent job in maintaining what we have, but it is deteriorating rapidly. (OVER)

#8 continued

It is important for the YMCA to project an image of a clean environment. We have worked aggressively in keeping our facility as "top of the line" in terms of cleanliness. A new floor will greatly help us in these efforts. The Wallingford community deserves a high quality YMCA and with financial assistance from the Neighborhood Act we can achieve this goal. We hope you view our request as a worthy one.

8. PROGRAM DESCRIPTION (Do Not Forward Attachments) The various programs offered by the YWCA include crisis intervention and community education for victims of sexual assault, job reentry for persons not working, especially former homemakers, day care services and youth programs. In communities where we bring our services, but do not have a office building, the outreach is particularly important to get the word out about the availability of help. The outreach program includes different media presentations: brochures and printed materials, radio and television.
9. NEED FOR PROGRAM: Annually we reach over 1000 students on issues of personal safety through the Wallingford school system. Through outreach we could increase that number to persons outside the schools.

RESOLUTION

WHEREAS, pursuant to Connecticut General Statutes 12-631, the State of Connecticut has provided tax incentives for Connecticut businesses that donate to Community programs under certain circumstances, and

WHEREAS, it is required under Connecticut General Statutes 12-631 that any municipality desiring to obtain benefits under the provisions of this Act shall, after holding at least one public hearing and after approval of the legislative bodies, submit to the Department of Social Services a list of programs eligible for investment by business firms under the provisions of this Act; and

WHEREAS, it is desirable and in the best interest that the Town of Wallingford submit such a list to the State of Connecticut.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF WALLINGFORD:

1. That after holding a public hearing on the list required under Connecticut General Statutes 12-631, the Town Council of the Town of Wallingford hereby approves the attached list entitled: Summary List of Neighborhood Assistance Programs,
2. That the Mayor of the Town of Wallingford is hereby authorized and directed to submit to the Department of Social Services the approved list of programs eligible for investment by business firms and to provide such additional information; to execute such other documents as may be required by the Department to accept on behalf of the Town any funds available for those municipal programs on the list; to execute any amendments, rescissions, and revisions thereto; and to act as the authorized representative of the Town of Wallingford.

Certified a true copy of a resolution duly adopted by the Town of Wallingford at a meeting of its Town Council on \_\_\_\_\_, and which has not been rescinded or modified in any way whatsoever.

RESOLUTION TO REQUIRE LEAVES TO BE PLACED IN PAPER BAGS

RESOLVED:

That the Recycling Regulations of The Town of Wallingford are hereby amended by adding the following Section:

3.17 No person shall place leaves at curbside for collection by the Public Works Department unless such leaves are first put in paper bags designed for containment and disposal of yard waste. No person shall deliver leaves to the Town compost area unless such leaves are deposited in paper bags designed for containment and disposal of yard waste or the leaves are delivered in a covered container or vehicle and deposited without any container at the compost area.
