Re: Interest Rate on Customer Deposits for Fiscal Year 2026-2027

The deposit policy adopted by the Town of Wallingford, Public Utilities Commission, on April 20, 1993, states that the interest rate on Electric Division customer deposits shall be determined by the market rates of 13-week Treasury Bills as posted in the Wall Street Journal for June 30. Interest rates will remain in effect from July 1 through June 30.

The 13-week Treasury Bill rate as published by the Wall Street Journal for Tuesday June 30, 2026 was 3.732%. Therefore, effective July 1, 2026 through June 30, 2027, the interest rate on customer deposits will be **3.732%**.
