-
1. The purpose of the Wallingford Electric Division's (WED's) Home Energy Savings™ (HES) program is to provide residential customers with:
 - a. Energy efficiency assessments of their homes or apartments
 - b. Basic weatherization services in their homes or apartments
 - c. Information about energy efficiency improvements they can make to their homes or apartments.

 2. Qualified customers may participate in this program any time after the effective date listed above and if a home or apartment has not received these program services within the last six years, with the exception of homes and apartments that recently changed occupants.

 3. The WED's energy conservation incentive programs and associated payments are provided to eligible customers on a first come, first serve basis, subject to the availability of funds in each fiscal year.

 4. All WED residential customers shall be eligible for the HES program including customers who rent their living quarters. Renters must obtain permission from their property owners.

5. Customers may need to provide a co-pay when participating in the HES program. These co-pays are described as follows:

<u>Customer's Primary Heating Source</u>	<u>Co-Pay Amount</u>
Electricity	\$0
Natural Gas	\$0 + any co-pay required by Yankee Gas or Southern Conn. Gas
Oil, Propane, Wood, or any deliverable fuel	\$0

6. Customers who participate in the HES Program shall agree that any capacity-related credits or payments that the customer may be eligible to receive as a result of the customer's participation in the program shall be fully assigned to the WED or its designee.

7. Only customers that have participated in the HES Program, met the existing insulation requirements (as determined by HES Technicians), and received the air sealing services provided through this program may qualify for WED's Insulation Rebate.

8. Only customers that have participated in the HES Program and exceed the duct leakage threshold (as determined by HES Technicians) qualify for duct sealing.
