TOWN OF WALLINGFORD, CONNECTICUT
TOWN COUNCIL MEETING
Robert F. Parisi Council Chambers
November 24, 2026
6:30 P.M.
AGENDA

1. Pledge of Allegiance

2. Roll Call

   Remarks from the Chair

3. Consent Agenda

   3a. Consider and approve Tax Refunds totaling $16,863.40 (#291-#350) – Tax Dept.

   3b. Acceptance of donation from Tractor Supply Company to be used by the Office of the Fire Marshall for Public Education needs and consider and approve Appropriation of funds in the amount of $250 to Revenue Account-Donations, Acct. #2502002-47152 and to Expense Account-Fire Dept. Program Expenditures, Acct. #25020150-58830-10160 – Fire Dept.

   3c. Acceptance of donations for youth recreation enrollment and consider and approve Appropriation of funds in the amount of $331 to Revenue, Acct. #2134002-47152 and to Expenditures, Acct. #21340100-58830 – Youth and Social Services Dept.

   3d. Consider and approve FY 2026-2027 budget amendment and Appropriation of funds in the amount of $36,115 from Retained Earnings, Acct. #N/A to Pumping Plant – Electric Pumping Equip., Acct. #46300325 – Sewer Div.

   3e. Consider and approve FY 2026-2027 budget amendment and Appropriation of funds in the amount of $273,800 from Retained Earnings, Acct. #N/A to Treatment Plant Equipment, Acct. #46300332 – Sewer Div.

   3f. Consider and approve FY 2026-2027 budget amendment and Transfer in the amount of $85,635 – Electric Div.

$85,635	From: Maintenance-Maint. of General Plant	Acct. #932
$ 8,600	To: Transmission-Load Dispatching	Acct. #561
$38,500	To: Distribution-Load Dispatching	Acct. #581
$36,435	To: Administration-Employee Pension& Benefits	Acct. #926

   3g. Consider and approve FY 2026-2027 budget amendment and Appropriation of funds in the amount of $236,423 from Retained Earnings, Acct. #N/A to Various per attached sheet, Acct. #VAR – Electric Div.

3h. Consider and approve FY 2026-2027budget amendment and Appropriation of funds in the amount of $502,405 from Retained Earnings, Acct. #N/A to Various per attached sheet, Acct. #VAR – Electric Div.

3i. Consider and approve FY 2026-2027 budget amendment and Appropriation of funds in the amount of $300,000 – Electric Div.

$300,000	From: Retained Earnings	Acct. #N/A
$150,000	To: Transmission Plant-Station Equipment	Acct. #353
$150,000	To: Distribution Plant-Station Equipment	Acct. #362

3j. Consider and approve gifts to Wallingford Public Schools 2025-2026 – BOE

3k. Approve Amended Record of Votes and Minutes of Regular Town Council Meeting of November 10, 2026.

4. **Items Removed from the Consent Agenda**

5. **PUBLIC QUESTION & ANSWER PERIOD**

6. Discussion of Old Business – Chairman Testa
(a) Golden Fox Theatre

7. Executive Session pursuant to Connecticut General Statures §1-200(6)(D) and §1-225(f) for discussion with respect to the purchase of property – Law Dept.

Town of Wallingford, Connecticut

Re: Acceptance and Appropriation of Donation from Tractor Supply

Dear Mayor Cervoni,

The Wallingford Fire Department has received a donation of $250.00 from the Tractor Supply Company. This generous donation will be used by the Office of the Fire Marshal for Public Education needs.

The Wallingford Fire Department requests that the Wallingford Town Council accept this donation at their next council meeting.

If this request meets with your approval, please place this item on the Town Council Agenda on November 24, 2026 for acceptance by the Town Council.

Sincerely,

James Buck
Fire Chief

The Honorable Vincent Cervoni, Mayor
Town of Wallingford
45 South Main Street
Wallingford, CT 06492

Dear Mayor Cervoni:

I am writing to request an appropriation of donations to the Department of Youth & Social Services. This $331.00 appropriation is for assistance to children who cannot afford to participate in youth recreation programs.

Therefore, we are requesting the following appropriation:

$331.00	Rev. Acct. #2134002-47152	Donations
$331.00	Exp. Acct. #21340100-58830	Expenditures

Thank you for your assistance in this matter.

Sincerely,

Amanda Miranda, Director
Youth & Social Services

RE: GRIEB ROAD PUMP STATION REPLACEMENT PUMP BUDGET AMENDMENT REQUEST

DATE: NOVEMBER 10, 2026

CC: RICHARD A. HENDERSHOT, DIRECTOR OF PUBLIC UTILITIES

Background - The Grieb Road Wastewater Pump Station is an essential component of the Wallingford Sewer Division's (WSD) wastewater collection system. For reference, the Grieb Road PS is one of 12 wastewater pump stations in the WSD collection system. The station plays a critical role in transporting wastewater efficiently through the Town's sewer infrastructure to the wastewater treatment facility. Reliable, uninterrupted operation of the pump station is necessary to maintain public health, protect the environment, and prevent sanitary sewage overflows at the pump station and throughout the Town's collection system.

The three (3) existing pumps have been rebuilt/repaired on multiple occasions and are original to the Grieb Road Pump Station, dating back to 1989. For reference, each pump is rated at 24 HP with design flow rate of 700 gpm. Following an unexpected failure of the motor windings that occurred in late July 2026 after the FY 2026–27 budget adoption and approval process, replacement of one (1) pump is necessary to restore reliable operation and maintain the station's ability to convey wastewater effectively, particularly during high flow storm events. As the repair estimate was more than 50% of the cost of a new replacement pump the decision was made to move forward with replacement of this pump.

During high flow storm events two (2) pumps are in operation with one (1) pump as a backup. Currently, with one (1) pump inoperable there is no backup pump at the Grieb Road PS. Given the age of the equipment and the essential function of the station, timely replacement will reduce the risk of further equipment failures, operational disruptions and potential sanitary sewage overflows (SSO's).

The Wallingford Sewer Division staff has the skills, experience, knowledge and capabilities necessary to complete this pump installation (pump replacement) in-house. Having WSD personnel complete the installation will reduce overall project costs by eliminating the need to hire an outside contractor for the work, while allowing the Division to maintain control over the work and return the station to reliable service. As such, the WSD will need to purchase (only) the replacement pump.

Costs – The replacement pump was competitively bid, with GA Fleet Pump and Service Group being the sole bidder at a price of $34,395. A 5% contingency of $1,720 is included to account for potential unforeseen costs associated with the replacement. Accordingly, the WSD requests a budget amendment of $36,115 to fund the pump replacement purchase and contingency. Installation will be performed by WSD staff to minimize additional expenses and ensure the continued reliability of the Grieb Road Pump Station.

Public Utilities Commission Action – The Wallingford Sewer Division (WSD) kindly requests PUC approval of a budget amendment for Account No. 46300325: Pumping Plant – Electric Pumping Equipment in the amount of $36,115 to complete the necessary pump replacement at the Grieb Road Wastewater Pump Station. Funds for this purpose will be made available through a corresponding transfer from Cash in the Source of Funds section of the Sewer Division budget.

As always, please feel free to contact the Sewer Division or the General Manager should you have any questions or require additional information. Thank you.

RE: SECONDARY SETTLING TANK #2 REHABILITATION BUDGET AMENDMENT REQUEST

DATE: NOVEMBER 10, 2026

CC: RICHARD A. HENDERSHOT, DIRECTOR OF PUBLIC UTILITIES

Background - The six (6) Secondary Settling Tanks at the Water Pollution Control Facility (WPCF) are an essential component of the Wallingford Sewer Division's (WSD) wastewater treatment process. Four (4) of the existing tanks were completed in 1989 and two (2) of the Secondary Settling Tanks were constructed as part of the WPCF Upgrades Project completed in 2022.

The existing tank infrastructure and equipment have been in continuous operation, 24 hours a day, 365 days a year, for nearly four decades. These tanks play a critical role in the secondary treatment process by separating biological solids from treated wastewater prior to discharge. Proper operation of the secondary settling tanks is necessary to maintain treatment efficiency and operational reliability, support effective ammonia and phosphorus removal (nutrient removal) and ensure continued compliance with wastewater treatment and NPDES permit requirements. Additionally, it is critical to have all six Secondary Settling tanks in operation during extreme rain events to maintain the wastewater treatment plant's capacity and prevent sanitary sewer overflows (SSO's) at the treatment facility.

The drive shaft for Secondary Settling Tank #2 is inoperable (frozen) and as such this secondary settling tank is currently offline. The tank drive shaft moves the upper flights for grease and floatable collection along the wastewater surface and moves the lower flight for sludge collection along the bottom of the tank. The replacement of the tank drive shaft is an opportune time to rehabilitate the equipment and moving parts (for lack of a better phrase) of Secondary Settling Tank #2 that has been in operation since 1989.

The project includes rehabilitation of the existing tank components such as sprockets, scrapers, gear drives, motors, flights, and all associated equipment. Replacing these critical mechanical components will improve the overall performance and dependability of the settling tanks, reduce the potential for equipment failures and unplanned maintenance, support improved plant nutrient removal and ensure plant capacity during high flow events.

The Wallingford Sewer Division (WSD) has a small Maintenance Repair Technician (MRT's) crew responsible for maintaining and repairing all equipment at the wastewater treatment plant, supporting the continued operation of the Town's twelve (12) wastewater pump stations and the MRT's are also responsible for the maintenance and repairs to all of the Wallingford Sewer Division's (WSD) and Water Division's (WWD) vehicles. While WSD personnel possess the skills and knowledge necessary to perform many maintenance and repair activities, undertaking a rehabilitation project of this magnitude would require a substantial commitment of staff time and resources, and prevent the completion of other necessary preventive maintenance tasks and ongoing projects.

The Secondary Settling Tank rehabilitation project is a specialized undertaking that requires experience with the installation, alignment, adjustment, and operation of complex mechanical systems. Contractors with extensive experience completing similar large-scale rehabilitation projects are better equipped to coordinate the work and logistics, address potential complications, and complete the installation efficiently while minimizing operational disruptions.

Costs – The Secondary Settling Tank #2 Rehabilitation Project was competitively bid by contractors with experience performing comparable rehabilitation work. The bids received ranged from $458,000 from the low bidder, to $583,145 from the second bidder, and $628,558 from the highest bidder. The range of competitive bids provides a basis for evaluating the cost of the work and the resources necessary to complete this specialized project.

A 10% contingency to the low bid of $458,000 equals a project funding value of $503,800.

The WSD has prior unspent capital funding of $80,000 in FY 2025-26 that is available plus $150,000 appropriated in FY 2026-27 for settling tank rehabilitation. The balance would be funded through a budget amendment in the amount of $273,800.

It is noted that through the annual capital abandonment process the WSD 'returned' $386,777 to Retained Earnings (Cash) for capital projects that were completed with a line item surplus or for line items that were not utilized,

typically office equipment and furniture, tools and garage equipment that must be abandoned at the end of each fiscal year.

Public Utilities Commission Action – The Wallingford Sewer Division (WSD) kindly requests PUC approval of a budget amendment to Account No. 46300332: Treatment Plant Equipment in the amount of $273,800 to complete the necessary Secondary Settling Tank #2 Rehabilitation Project. Funds for this purpose will be made available through a corresponding transfer from Cash in the Source of Funds section of the Sewer Division budget.

As always, please feel free to contact the Sewer Division or the General Manager should you have any questions or require additional information. Thank you.

Re: Fiscal 2026-2027 budget amendment
Account 561 - Transmission- Load Dispatching
Account 581 – Distribution- Load Dispatching
Account 926 – Administration- Employee Pensions and Benefits

Attached for your review is a budget amendment for the transfer of funds from Account 932 Maintenance- Maintenance of General Plant to Account 561- Transmission- Load Dispatching, Account 581 – Distribution- Load Dispatching and Account 926 – Administration- Employee Pensions and Benefits.

When the Fiscal 2026-2027 Budget was prepared, the WED made the assumption that the System Operations Center would be fully staffed. At times when the area is fully staffed, there is a rotating maintenance shift which is charged to Account 932- Maintenance- Maintenance of General Plant. With the combination of the center not being fully staffed at the onset of the fiscal year and the recent resignation of an employee assigned to the System Operations Center, the WED will be unable to utilize an operator for the maintenance shift during Fiscal 2026-2027. The general maintenance activities will now not be performed by the system operators. They will instead spend all their budgeted time performing or being trained to perform duties associated with the below listed accounts. Funds for this labor ($85,635) are being transferred from Account 932- Maintenance of General Plant . Individuals on-boarded for this position will need to go through a training period before being able to work independently in the System Operations Center. Training costs including labor are charged to Account 926 – Administration- Employee Pensions and Benefits. Due to the nature of the job, the System Operators' time is allocated between Transmission and Distribution Load Dispatching.

The WED initially budgeted $85,635.00 to Account 932- Maintenance- Maintenance of General Plant to fund the cost of the maintenance shift. The WED staff is proposing to transfer these funds as follows:

$ 8,600 to Account 561 - Transmission- Load Dispatching
$38,600 to Account 581 – Distribution- Load Dispatching
$38,435 to Account 926 – Administration- Employee Pensions and Benefits

This transfer shall realign the funds in the accounts in which they are expected to be spent.

Please review the attached budget transfer and forward as appropriate for action by the Public Utilities Commission and Town Council.

Re: Fiscal 2026-2027 Budget Appropriation WEPCU Collective Bargaining Agreement Various Accounts

The Collective Bargaining Agreement between the Town of Wallingford and WEPCU, Nutmeg Independent Labor Unions, was effective for the period September 1, 2020 through August 31, 2025. A new Collective Bargaining Agreement between the Town of Wallingford and WEPCU, Nutmeg Independent Labor Unions, effective for the period September 1, 2026 through August 31, 2028 was signed September 14, 2026. The Agreement reflects wage increases of 2.9% for both the period September 1, 2025 through August 31, 2026 (contract year 1) and the period September 1, 2026 through August 31, 2027 (contract year 2). This budget appropriation is requesting funds for both the retroactive portion of the wage increase and the increase for the current fiscal year.

The Wallingford Electric Division is requesting a budget amendment in the amount of $236,423 for Fiscal 2026-2027. This amount represents both the current year and retroactive wage adjustments. The retroactive portion of the Collective Bargaining Agreement ($74,227) represents wages ($59,788), taxes ($867), and pension ($13,572) earned during the period from September 1, 2025 through June 30, 2026. The current portion of the Collective Bargaining Agreement ($162,196) represents wages ($130,645), taxes ($1,894), and pension ($29.656) to be earned during the period from July 1, 2026 through June 30, 2027. Based on the timing of the agreement, both the current and retroactive portions of the wage increases along with the related pension and tax obligations are to be recognized in fiscal 2026-2027. Town Council approved the contract at its meeting on August 18, 2026. The account distribution is on the following page.

Funds for this appropriation are available from Retained Earnings.

Please review the attached budget appropriation and forward as appropriate for action by the Public Utilities Commission and Town Council.

Account	Description	Amount
40200364	Distribution Plant- Poles, Towers & Fixtures	2,326.57
40200365	Distribution Plant- Overhead Conductors & Devices	4,706.53

Re: Fiscal 2026-2027 Budget Appropriation IBEW Local #420 Collective Bargaining Agreement Various Accounts

The Collective Bargaining Agreement between the Town of Wallingford and WEPCU, Nutmeg Independent Labor Unions, was effective for the period September 1, 2020 through August 31, 2025. The Linemen (Chief, First Class, and Apprentice), Distribution Technician, and the Substations Electricians (Chief Electrician and Maintenance Electricians) left the WEPCU, Nutmeg Independent Labor Unions and joined the IBEW Local #420. A new Collective Bargaining Agreement between the Town of Wallingford and IBEW Local #420, effective for the period September 1, 2025 through August 31, 2028 was signed July 16, 2026. The initial year of the contract has varying rate increases between $2.00 and $8.70 per hour or between 4.2% and 16.8% based on position. The Agreement then reflects a wage increase of 2.5% for all members for the period September 01, 2026 through August 31, 2027 (contract year 2). This budget appropriation is requesting funds for the wage increases related to the current fiscal year. A budget appropriation for the portion of the wage increases related to the period September 1, 2025 through June 30, 2026 was requested and approved for the previous fiscal year (Fiscal 2025-2026).

The Wallingford Electric Division is requesting a budget amendment in the amount of $502,405 for Fiscal 2026-2027. $334,263 of this amount represents contractual wage increases ($269,241), along with taxes ($3,904), and pension ($61,118) for the current fiscal year. In addition to the wage increases, certain changes were made to the manner in which time paid for meals is earned. Under the new agreement individuals are paid 1.30 hours (previously 0.5 hours) for working through the lunch meal, and 0.8 hours for working though any other meal period (new item) at applicable rate (overtime or double time). There was also a slight increase in the amount the employees are to be reimbursed for meals. During the period July 1,2026 through October 23, 2026, the WED paid approximately $50,600 in wages, taxes, and pension for mealtime paid not worked. Annualized, this amount is approximately $154,000. As part of the review for the budget amendment, staff reviewed funds budgeted for meals and determined we will have a shortfall in this account. We had budgeted meals for Fiscal 2027 based on meal payouts for the first six months of Fiscal 2026

and the full year of Fiscal 2025. Based on this information, the WED budgeted $25,143 for employees covered under the IBEW contract. YTD spend through October 23, 2026 is $13,095 (annualized $39,285). The shortfall is $14,142. The account distribution is included on the following page.

Funds for this appropriation are available from Retained Earnings.

Please review the attached budget appropriation and forward as appropriate for action by the Public Utilities Commission and Town Council.

Account	Description	Amount
40200364	Distribution Plant- Poles Towers & Fixtures	27,876
40200369	Distribution Plant- Services	3,549
40100426	Community Welfare	3,063
40100570	Transmission Maintenance- Station Equipment	50,868
40100582	Distribution Operation-Station Expenses	4,000
40100583	Distribution Operation-Overhead Line Expenses	4,233

Re: Fiscal 2026-2027 Budget Appropriation
Account 353 – Transmission Plant- Station Equipment
Account 362 – Distribution Plant- Station Equipment

Attached for your review is a budget appropriation seeking an additional $300,000 to be split equally between Account 353 – Transmission Plant- Station Equipment and Account 362 – Distribution Plant-Station Equipment. Funds are available for this appropriation from retained earnings.

During Fiscal 2025-2026, the Engineering Team at the Wallingford Electric Division (WED) worked with Schweitzer Engineering Laboratories (SEL) to develop a high-level design to replace the division's aging SCADA System. The WED has a bid waiver in place for SEL as provider of Schweitzer equipment to support the WED's substation relaying, SCADA and other equipment, software and training. This high-level design period took approximately one year. The Fiscal 2025-2026 budget had sufficient funding to support the costs associated with the initial high level design assessment.

At the time that the Fiscal 2026-2027 Budget was prepared, there was uncertainty as to the full amount surrounding the SCADA replacement. The detailed engineering phase of the project took place in October. This work involved an on-site visit to the SCADA operations room and the three substations during which the Schweitzer team worked closely with the WED engineering team, examining the current system and supporting infrastructure. During this phase, it was discovered that certain aspects of the existing supporting infrastructure, most notably RTAC equipment, were approaching the end of their useful lives. It was recommended that we proactively replace these items to avoid compatibility issues and future downtime (both scheduled and unscheduled).

Additionally, as the design was refined, some equipment was respecified to more adequately suit the WED's current and future needs. The work scope was refined to include additional relay breaker protections and feeder breaker protections. Along with ease in overseeing and managing the distribution system, these protections will allow greater visibility to the system operator and facilitate firmware upgrades being rolled out from the main system. Blueframe 2.0, which is a new revision, will allow us to better utilize the functionality of the system.

Please review the attached budget appropriation and forward as appropriate for action by the Public Utilities Commission and Town Council.

Dear Mrs. Regan,

I would like to thank you for your thoughtful donation of Photography Equipment donated to the Mark T. Sheehan High School - Art Department. As a result, the Board of Education has asked me to extend to you its appreciation and gratitude.

The Board realizes that it could not provide for our students all the programs and services that it does provide without being assisted by the degree of generosity that you displayed. The Board, therefore, considers itself fortunate that it receives this kind of assistance for which the Board is greatly appreciative.

Please also accept my personal gratitude.

Wallingford, CT 06492

Dear Ms. Forman,

At its September 29, 2025 meeting, the Board of Education accepted your extremely generous donation of Miscellaneous School Supplies for Students. This gift was donated to the Wallingford Public Schools. As a result, the Board of Education has asked me to extend to you its appreciation and gratitude.

The Board realizes that it could not provide for our students all the programs and services that it does provide without being assisted by the degree of generosity that you displayed. The Board, therefore, considers itself fortunate that it receives this kind of assistance for which the Board is greatly appreciative.

Please also accept my personal gratitude.

Sincerely,

D. Bellizzi

Ms. Charyn D. Powers
The Alex Charitable Trust
14 Center View Road
Woodbridge, CT 06525

Dear Ms. Powers,

At its October 27, 2025 meeting, the Board of Education accepted your extremely generous monetary donation for Dag Hammarskjold Middle School and Rock Hill Elementary School. This donation will be used to benefit seventh grade science at the Middle School level and will be applied towards STEM/Hands-On Activities at Rock Hill Elementary School. As a result, the Board of Education has asked me to extend to you its appreciation and gratitude.

The Board realizes that it could not provide for our students all the programs and services that it does provide without being assisted by the degree of generosity that you displayed. The Board, therefore, considers itself fortunate that it receives this kind of assistance for which the Board is greatly appreciative.

Please also accept my personal gratitude.

Sincerely,

Dear Ms. Powers,

On behalf of Dag Hammarskjold Middle School, I am writing to thank The Alex Charitable Trust for its generous monetary donation of $1,500.00, received on 10/09/2025. Your donation will be highly beneficial to our *youth academics for children under twelve in 7th grade science*. We are truly grateful for your donation and support for our youth science academics.

No gifts or services were exchanged for your contribution, and your gift is tax deductible to the full extent permitted by law. Please retain this letter for your records.

EIN: 06-6002114

We wish you well and thank you once again for your donation.

Wallingford, CT 06492

Good Afternoon:

At a recent meeting, the Board of Education accepted your extremely generous donation of Dictionaries and Thesauri donated to all Students in Grades 3 and 5 at the Elementary Schools. As a result, the Board of Education has asked me to extend to you its appreciation and gratitude.

The Board realizes that it could not provide for our students all the programs and services that it does provide without being assisted by the degree of generosity that you displayed. The Board, therefore, considers itself fortunate that it receives this kind of assistance for which the Board is greatly appreciative.

Please also accept my personal gratitude.

Sincerely,

D. Bellizzi

LGNAZZO-TOWN CLERK

MOTION WAS MADE TO approve Consent items 3a – 3d, 3f and 3g

MADE BY: CARMODY
SECONDED BY: REYNOLDS

THERE WAS A VOICE VOTE. ALL COUNCILORS PRESENT VOTED AYE.
MOTION: PASSED

4. **Items Removed from the Consent Agenda**

5. **PUBLIC QUESTION & ANSWER PERIOD**

Larry Kellogg addressed the Council to ask for money to be budgeted to purchase signage for crosswalks, specifically at schools. Chairman Testa advised Mr. Kellogg to send a written request to the administration. Chief Ventura of Wallingford Police Dept is in favor of the signs but needs to identify which crosswalks would be appropriate and allocate funds for the signage in the next budget.

Keith Massamino followed up with a question from a previous meeting, as to why the Parks and Recreation Director is signing off on change-orders. Mayor responded that Parks and Recreation is in charge of that project and has the authority to sign off but not it's not without consultation from other appropriate professionals.

Bill Comerford asked about painting in Town Hall hallways in 2024 and again in 2026. He inquired as to if the issue that caused the paint to peel had been resolved. Chairman Testa responded that he will look into the issue.

Christine Coleman asked about flock cameras in Wallingford. Mayor responded that "flock" is a brand name, such as calling a tissue a Kleenex. Wallingford does not have flock cameras but has discussed cameras to enforce speeding and traffic signal enforcement. There is a state statue that governs their adoption. If Wallingford were to go forward, the issue would need to go before Town Council.

Jason Michael inquired about removing items from the consent agenda and if an amended agenda should be issued. Chairman Testa answered that these procedures are something the Council is looking to discuss. He also asked for a final number for the cost of the Police Station. Mayor indicated this topic will be put on a future agenda and addressed. Mr. Michaels also commented on the tone of which the public is addressed and asked that all members of the public be treated equally.

Sheila Tierney asked for an update on sidewalks. Chairman Testa responded that he has requested an agenda item for the next meeting to have a lengthy discussion with the Engineering, Public Works and Finance Departments on the sidewalk program and road paving program. Ms. Tierney also expressed concern over public vehicles using the parade ground driveway and asked for signage to be put up to indicate "Town Vehicles Only". Chairman Testa asked the Mayor to review

6. Chairman's Update
   a. Golden Fox Theatre

Joey Abate, co-founder of Golden Fox Theater made a statement regarding the impact on him and Golden Fox Theatre, not yet receiving the $5000 non-profit grant funds. Mayor stated he has never denied the funds but needs a budget in order to release them.

7. Consider and approve the naming of softball field #1 at Pragemann Park after Stanley Shepardson - Parks and Recreation

Kenny Michaels, Director of Parks and Recreation addressed the Council to ask to name softball field #1 after Stanley Shepardson, the first Recreation Director, serving 28 years in the Town of Wallingford. Mr. Shepardson's children were in attendance to support their father's service and the dedication to him. Councilor Fishbein and Councilor Rivard spoke in favor of the dedication.

Attorney Einhorn added that there was an opinion filed in the Law Department, created by then Corporate Counsel Adam Mantzaris in 2001, pertaining to the naming of one of the fields at Pragemann Park. There is a Will from Mr. and Mrs. Pragemann with two testamentary trusts, to contribute to the upkeep of the park, in the amount of $20,000 per year. The Will states that the name of the park should not be changed from Pragemann Park. The opinion at the time was that the naming of the field could affect the funds coming from the trust. However, no issue was ever brought up since the naming of the Doyle Field in 2016. Councilor Fishbein and Councilor Tatta expressed dissatisfaction in not having this information prior to the meeting.

Keith Massamino asked about his request to ask a question to Mr. Michaels regarding the pavilion at Pragemann Park. Chairman Testa stated it was not on the Agenda but to wait until agenda item #7 is completed and he will address it.

MOTION WAS MADE TO approve the naming of softball field #1 at Pragemann Park after Stanley Shepardson

MOTION PASSED

Kenny Michaels, Director of Parks and Recreation explained that the Pavilion is an ongoing project, started in 2018, in discussion with the Wallingford Vikings Youth Football League and the Wallingford Youth Lacrosse Team, looking for storage spaces. The Pragemann Pavilion has seen a decline in rentals since 2017. Construction for the storage shed was to begin between 2019 – 2020 but was delayed by COVID. The conversation was revisited by both leagues in 2024 and Parks and Recreation felt it was the right time to start the project again. The project converted the pavilion to a storage shed and was funded by the Pragemann endowment fund. This will provide leagues a viable storage facility at what would be considered their home location.

Keith Massamino asked if repairs and installs at the park require authorization from the town or administration. Mr. Michaels explained that as long as it's not a capital project and he has the funding in his budget, he can move forward, following the proper purchasing procedures.

Chris Cirri, President of Wallingford Youth Football spoke in support of the storage shed, explaining that teams use the shed to house expensive equipment that keeps our children safe. He questions why we spend so much time criticizing improvements in our community instead of embracing them.

Councilor Tatta questioned why we couldn't have the Pavilion and a storage shed. She feels we have taken a space that all residents can use and have turned it into a free storage space for nonprofits. Mr. Michaels reiterated that reservations of the Pavilion had been declining since 2017. Chairman Testa stated he would like to see a discussion about the long-term plans of the Parks and Recreation Commission.

8. Discussion and possible action on a Resolution of the Town Council regarding the educational specifications for the proposed new high school – Chairman Testa and Councilors Carmody, Reynolds, Rivard, and Rossacci

Town of Wallingford Town Council resolution concerning revisions to the educational specifications for the proposed high school consolidation project.

Whereas the Wallingford Town Council recognizes the significance of the proposed high school consolidation project and its lasting impact on the students, educators, families, and taxpayers of the town of Wallingford.

And whereas the educational specifications for the proposed project were developed through a process involving substantial public input including recommendations and advocacy from teachers, school staff, parents, students, and members of the community.

And whereas the inclusion of 17 additional classrooms was strongly advocated for by teachers and school staff to provide each teacher with a dedicated classroom and to ensure an educational environment that best supports effective instruction, student learning and the daily operations of the school.

And whereas teachers and school staff, whose professional experience and firsthand understanding of classroom needs are essential to the planning of educational facilities have consistently emphasized the importance of these additional classrooms.

And whereas the inclusion of these 17 classrooms received support from a majority of the Board of Education at various stages of its deliberations and decision-making process.

And whereas the town council is concerned that the subsequent revisions to the educational specifications eliminating the 17 classrooms represent a significant departure from the priorities established through public participation and the educational needs identified by teachers and school staff.

And whereas the town council firmly believes that should the town proceed with the consolidation of its two high schools, the resulting facilities must reflect the highest standards of educational excellence and provide the best possible learning environment for current and future generations of Wallingford students.

Now therefore, it be resolved that the Wallingford Town Council hereby formally expresses

its opposition to the revisions to the educational specifications eliminating the 17 additional classrooms.

And be it further resolved that the town council strongly urges the Wallingford Board of Education to reconsider and reverse its decision and restore these classrooms to the educational specifications consistent with the recommendation of teachers, school staff, parents, students, and the substantial public input received throughout the planning process.

And be it further resolved that the town council affirms its commitment to ensuring that any consolidation of the town's two high schools represents a responsible forward-looking investment in public education and provides the highest quality educational facilities reasonably achievable for the benefit of generations to come.

Be it finally resolved that a copy of this resolution be transmitted to the Wallingford Board of Education for its formal consideration adopted by the Wallingford Town Council this 10th day of November, 2026.

Councilor Rossacci spoke in support of the Resolution and feels the Board of Education should reconsider eliminating the 17 additional classrooms.

Councilor Fishbein clarified that the Board of Education is a creature of the State of Connecticut. The only connection to the Town of Wallingford is the budget. We are essentially asking a state body to reconsider something that is already voted on. He feels the teachers provided input and the teachers should be heard. If we are going to spend $400 million on a new high school, we should have the best high school available. He offered some revisions to the Resolution. Councilor Carmody accepted the revisions as a friendly amendment. Revised Resolution reads as follows:

TC Resolution re: HS Project Classrooms

TOWN OF WALLINGFORD

TOWN COUNCIL RESOLUTION

Resolution Concerning Revisions to the Educational Specifications for the Proposed High School Consolidation Project

WHEREAS, the Wallingford Town Council recognizes the significance of the proposed high school consolidation project and its lasting impact on the students, educators, families, and taxpayers of the Town of Wallingford; and

WHEREAS, the educational specifications for the proposed project were developed through a process involving substantial public input, including recommendations and advocacy from teachers, school staff, parents, students, and members of the community; and

WHEREAS, the inclusion of seventeen (17) additional classrooms was strongly advocated for by teachers and school staff to provide each teacher with a dedicated classroom and to ensure an

educational environment that best supports effective instruction, student learning, and the daily operations of the school; and

WHEREAS, teachers and school staff, whose professional experience and firsthand understanding of classroom needs are essential to the planning of educational facilities, have consistently emphasized the importance of these additional classrooms; and

WHEREAS, the inclusion of these seventeen (17) classrooms received support from a majority of the Board of Education at various stages of its deliberations and decision-making process; and

WHEREAS, the Town Council is concerned that subsequent revisions to the educational specifications eliminating the seventeen (17) classrooms represent a significant departure from the priorities established through public participation and the educational needs identified by teachers and school staff; and

WHEREAS, the Town Council firmly believes that, should the Town proceed with the consolidation of its two high schools, the resulting facilities must reflect the highest standards of educational excellence and provide the best possible learning environment for current and future generations of Wallingford students;

NOW, THEREFORE, BE IT RESOLVED, that the Wallingford Town Council hereby formally expresses its opposition to the revisions to the educational specifications eliminating the seventeen (17) additional classrooms; and

BE IT FURTHER RESOLVED, that the Town Council strongly urges the Wallingford Board of Education to reconsider and reverse its decision and restore these classrooms to the educational specifications, consistent with the recommendations of teachers, school staff, parents, students, and the substantial public input received throughout the planning process; and

BE IT FURTHER RESOLVED, that the Town Council affirms its commitment to ensuring that if there is a consolidation of the Town's two high schools this should be a responsible, forward-looking investment in public education and provides the highest-quality educational facilities reasonably achievable for the benefit of generations to come, and removal of classrooms in the view of the Town Council does not support that vision.

BE IT FINALLY RESOLVED, that a copy of this resolution be transmitted to the Wallingford Board of Education for its formal consideration.

Adopted by the Wallingford Town Council this 10th day of November, 2026.

A question was asked how the Resolution was created. Chairman Testa explained it was a caucus of the Democrats, having a discussion and jointly putting this item on the agenda. Councilor Tatta asked a question about what documentation can be requested under the Freedom Of Information Act. Attorney Small explained that communications regarding the Resolution could be requested under the Freedom of Information Act. Councilor Tatta stated she would like to have been included on the final draft of the

resolution. She is also concerned about the Board of Education re-voting on this issue and how the votes changed through the process. She would like to know the reasons for the change.

Councilor Reynolds spoke in support of the Resolution and feels we should not be making any changes to size or shape while we are in the process of negotiating to buy property. We need to support our educators and plan smarter, think long term and think success.

Councilor Rivard believes the best people to make the assessment for the schools are the professionals that work in them and supports the teachers getting the 17 classrooms. If we are to move forward with this project we should do it right.

Councilor Laffin explained that the 17 classrooms and the pool could affect our reimbursement rate. He feels we should go to the State of Connecticut to lobby for that reimbursement to be covered. He would like a real vote and this Resolution will not do anything to resolve the situation. This is a Board decision and we need to follow the system the way is it designed.

Councilor Fishbein commented that before we can go to the State of Connecticut we need to find a site for the school.

Chairman Testa feels the Board of Education made their decision to change the educational specifications based on a memo from the Mayor. Mayor added that there is a possibility there are enough votes on Council to move forward with the project. There is talk about the Council supporting a referendum for it. If it goes to referendum and you get enough participation and positive votes, the project will move forward. These are all variables. Other variables include getting our legislative delegation to increase the reimbursement rate. If we build the right size building, per pupil and square footage, the State of Connecticut could reimburse 52.5%. The building we are trying to potentially build is looking at a reimbursement rate of 42.5%. He feels we should absolutely be going to the State for more money but we cannot count on the certainty in the outcome. He is hoping to get the most competitive 30-year term rate possible.

Maureen Reed, Board of Education member spoke in support of the 17 classrooms. She asked the Council to remember that every decision made in education should be about the kids. She feels the Town Council needs to understand every aspect of the project as Council ultimately makes the decision about the land purchase and project.

MOTION WAS MADE TO approve a Resolution of the Town Council regarding the educational specifications for the proposed new high school as amended.
