

Mayors For Monarchs

HELP OUR POLLINATORS THRIVE!
Volunteer for the Mayors for Monarchs Initiative

Mayor Cervoni has committed our community's support to the *Mayors for Monarchs Pledge*, a national effort to create and protect habitats for monarch butterflies and other important pollinators.

A space on the south side of the Carriage House, facing Prince Street, has been designated as a pollinator garden. Anyone interested in volunteering to help with light gardening and maintenance is welcome to participate. Students who volunteer may bring their service or volunteer forms to the Mayor's Office for signature.

JOIN THE EFFORT!
