PRESS RELEASE

In an effort to reduce the chance for motor vehicle accidents resulting in injury, Connecticut's Law Enforcement agencies intend to promote safe driving and increase the protection of all motorists.

As we approach Memorial Day weekend and the unofficial start of the summer season, the Wallingford Police Department will participate with other law enforcement officials across the State of Connecticut to enforce the State Occupant Protection Laws and issue citations for those who are unbuckled.

Funding for this effort has been made possible by the police department's participation in a State of Connecticut Department of Transportation Highway Safety Enforcement Grant. This funding supports the staffing necessary to allow Wallingford Police to dedicate time and resources to this worthwhile effort.

Buckle Up- Every Trip. Every Time.

Sgt. David Blythe
Traffic Division
