Property Check Fraud Alert

The Wallingford Town Clerk's Office is pleased to announce the availability of ***Property Check Fraud Alert***.

PropertyCheck is a 24/7 service that helps protect you from potential property fraud by automatically notifying you of any recorded document that affects your property, helping you feel safer about your property and online security.

PropertyCheck

PropertyCheck eliminates the time associated with searching for property records by alerting you via email or text message when a document has been recorded that matches the notifications activated.

How does it work?

If a document is recorded that matches the information being monitored by **PropertyCheck**, the property owner is notified immediately and sent a notification to the preferred method of communication, selected at signup.

How do I sign up?

1. Create a FREE account in RECORDhub
2. Create alerts for matching name(s)
3. Specify how to be notified in the event of a match (text, email, or both).
