

PUBLIC INFORMATIONAL MEETING

Quinnipiac Street Bridge Replacement Project

The Town of Wallingford is in the process of completing design plans for replacement of the bridge on Quinnipiac Street Bridge, over Wallace Head Race, with a new 6' wide x 4' high concrete box culvert. The existing bridge will be removed in its entirety. WMC Consulting Engineers is performing the design work, and the anticipated final design plans are expected by early 2027.

Construction for this project is 100% state funded under the Local Transportation Capital Improvement Program (LOTICIP).

The Town will conduct an in-person public informational meeting at Town Hall (45 South Main Street, Room 315) on:

October 28, 2026 at 7:00 PM

Town Hall, Room 315

The meeting is being held to afford full opportunity for public participation and to allow open discussion of any views and comments the community may have concerning this proposed project.
