RE: CORRECTION OF MOTION (AGENDA ITEM)

When the motion was passed granting an increase to retirees, the last sentence of the motion read as follows: "Retired firefighters or their surviving spouses who reached 60 years of age on or after July 1, 1980 are excluded". It should read as follows: "Firefighters or the surviving spouses of firefighters who retired on or after July 1, 1980 are excluded".

The intent was to only exclude those firefighters or spouses who are, or will become, eligible for the automatic 2% cola that was granted in binding arbitration.
