The purpose of the Commission is to preserve and protect the significant historical qualities of the buildings under its jurisdiction so that the public may enjoy their presence within the Town of Wallingford for generations to come. The Commission shall review and act upon all applications for Certificate of Appropriateness. Unless exempted by CGS Section 7-147, no building or structure, earthworks or site of recognized historic or archaeological importance, within the boundaries of a historic property shall be erected, altered, removed or demolished until after an application for a Certificate of Appropriateness has been submitted to and approved by the Commission.
