Adelheid Koepfer is an intern for CLEAR (Center for Land-Use Education And Research) from UCONN Agriculture extension for trail management. They maintain a database of Connecticut trails (found at CTtrailfinder.com), and want to know if we would like to have the QRLT included. The website contains maps, census of trail users, and outreach programs. Surveys are also undertaken for other metrics. Adelheid will email further information, including the form which must be completed to have QRLT added.

The QRLTAC would need to supply geographic GPS coordinates for landmarks, possibly from Town Engineer.
