Item 4: Co-Chairs Announcements

Cathy mentioned the cleanup date is Sunday April 23, 2023, with a rain date of April 30, 2023. The tasks will include general clean up. There have been reports of a lot of dog waste on the trail, it might be confused with goose droppings.

More trash cans have been requested; concerns have been raised about residential trash being dumped.

Sponsorship letter packages are nearly finished, Cathy is putting the finishing touches on it. There is one person interested in one of the new benches.

We need a new 10' x 10' pop up tent before Celebrate Wallingford. Last year's storm damaged the previous one, which has since been discarded.

Mary noted the deadline was March 1 for application, but there was not enough time to apply. Additional funding at the federal level may be possible, some transportation and safety requirements, this is due on March 19. The most viable extension would be south towards North Haven.
